Merge y pull reques de develop a main

The screenshot displays a GitHub pull request interface for a repository named 'devops-intro-Angel-Manuel-Gaviria-Ramirez'. The pull request is titled 'Develop #4' and is in a 'Merged' state. The main comment from the user 'AngelsiniENP' states 'Merge de develop a rama Main'. The commit history shows a sequence of updates: updating README.md for the 'feature/US001-login' branch, merging pull request #2, making further changes to README.md, merging pull request #3, and finally merging the 'main' branch into 'develop'. A summary on the right indicates 14 files changed. A notification at the bottom confirms that the pull request was successfully merged and closed, and the 'develop' branch can be safely deleted.
